Suggestions for Improvement	<ul style="list-style-type: none"> • Revision control needs to be implemented on all handouts hard copies of present discussion topics (amendments) should be available as early as possible – tough to do (Bill Ohm, NH) • Everyone follows different legislative rules. Some follow Masons and some closely follow but are different. There needs to be some training on Masons or a document on some of the essential procedures. (Kay Christofferson, UT) • The hard-quitting time of 5 PM with A 90 minute lunch was a loss of productive time. I would have preferred to work as opposed to attending a baseball game. (ANON)
Any other Concerns that you would like to improve?	<ul style="list-style-type: none"> • The screen was difficult to see in the back. Is there a better way for the documents to be shared with Delegates? (Kay Christofferson, UT) • Different Legislatures have different customs and practices prior to reverting to Mason's. It would be helpful to briefly summarize those to be put in place. Examples, in NH, we permit the final motion in debate to be a "Parliamentary Inquiry". (Bill Ohm, NH) May we encourage more states to join in our next convention and may that be for the call for a convention of states to set language for a BBA. As we work in other National Organizations let us all work for the 7 needed and also the 38 needed to ratify. (Hal Wick, SD)

Suggestions for Improvement	<ul style="list-style-type: none"> Politely keep discussions on topic. Don't be afraid to ask a delegate to bring a thought or idea at the appropriate time. (Julie Daniels, OK)
Any other Concerns that you would like to improve?	<ul style="list-style-type: none"> Those who wish to fully participate in discussion, drafting Amendments...Should be present. A convention behind a convention is ok for now but will lead to failure of an actual BBA Convention. (Julie Daniels, OK)
